The locations phone number is listed on the schedule and is a landline, All games must be played before last night of season. NO TEXTING. The Captains phone is on the schedule as well.

#### **SCORING:**

1. Darts must be thrown when green throw light is lit. Darts thrown before the light comes on may not be re-thrown or manually scored.
2. If dart misses the board or doesn't stick, it counts as a thrown dart.
3. The score recorded by the machine is the score the player receives. Players accept that the machine is always correct.  
(NOTE: in case of an obvious machine malfunction the back-up button which is the up arrow on the board can be used, other team needs to verify)
4. The bull eyes will be "SOLID" in 01 games. And "SPLIT" in cricket games.
5. Darts in the board may not be touched until "PLAYER CHANGE" button has been pushed
6. Each player must make sure that the machine is displaying the correct player position and that they are shooting in the designated order.

#### **501 RULES:**

1. Starting time 7:00 Real time. Forfeit for team not there by 7:15.
2. No practice games started after 7:00 unless the other team agrees. You can Not throw on another board in between games.
3. The object of 501 is for a player to get to exactly 0. Freeze rule in effect (see rule 5)
4. The player must throw from the foul line. Their foot may be on but not over the front edge of the line. 2 warnings will result in loss of turn.
5. Freeze rule: When a player score is zero, their partners score must be equal to or less than the opposing teams combined score for that team to win. If their partners score is greater than the opposing teams score the opposing team wins. (any or all darts may be passed by a player that is frozen.)

#### **CRICKET RULES:**

1. The object of cricket is to close the numbers 20,19,18,17,16,15 and bulls eyes in any order, before your opponents and have equal or greater number of points.
2. A number is closed by hitting 3 marks, where a triple = 3 marks, double = 2 marks, single = 1 mark, an outer bull = 1 mark, and an inner bull = 2 marks.
3. If a player scores more than 3 marks before the opponents have closed that number, the player scores the corresponding point total of extra marks.
4. If round limit is reached the game is over, do not continue.

### ***FOULS:***

#### ***LOSS OF TURN FOULS:***

1. Distracting behavior while a player is throwing.
2. Shooting out of turn.
3. Manually scoring darts. (exception stuck dart is showing.)
4. 2nd warning on foul line.

#### ***LOSS OF GAME FOULS:***

1. Ending a game when throwing out of turn.
2. Game malfunction caused by player abuse.

**These rules will not cover everything that may occur, in which case if the teams can resolve a problem in a way that both teams agree on, that decision will be final.**

**Captains will handle any problems that occur. Good sportsmanship and common sense is to be used at all times. It's just a game!**

### ***SUBS:***

1. No more than 2 subs per night unless approved by the other team. If there is a total team replacement, this must be approved by the league coordinator. 1 sub for 2 person teams.
2. Once a sub starts they must finish the night.
3. A regular player for a team in the same division cannot sub for another team.
4. A sub player can sub for any team.
5. A sub must play under their own name, FIRST and LAST NAME.
6. Subs can adjust their PPD or MPR to be the same as theirs with another Vendor. Andy can put that in when you notify him of who your sub is in advance, by 2pm the day of your match. You can have up to 6 subs on your team but only the first 4 will show up on the dart boards. It is best if you tell who your subs are at the beginning of the season, so that they will be ready to go when you need them. If you fail to put in first name and last name or enter wrong stat average you will automatically lose all 12 games.
7. All subs must sanction the 1st night they play. Sanction fee is \$15.00.
8. In case a sub can not be found you can play using a dummy score, manually bringing the points down to 350 points for 501 games, and 3 bullseyes per game for cricket. Only 1 dummy score can be used, if more than one person is missing it is a forfeit.

### ***UNPLAYED MATCHES***

1. Any matches not played must be made up within 2 weeks of scheduled date or those games will be forfeited and match fees will be taken out of your payout at the end of the season. Matches must be played before last night of the season. Any forfeit and all matches (in time frame) against other teams will be taken away as well. A forfeit means no payout for that team at end of the year.

### ***Smoke Breaks***

You are allowed 1 smoke break per night (Half time is the best time to do this) unless both teams agree. This is the biggest complaint. Respect others time. You are here to play league.
